

# Salina hosts ACEC BBQ luncheon

By Dawn Smith, Administrative Assistant, Salina

Salina's Tyler Glissman is the current Vice President of the American Council of Engineering Companies (ACEC) Kansas Chapter, and hosted a catered BBQ luncheon on Thursday, December 15, 2016, in Salina. Attendees included guest of honor Congressman-elect Dr. Roger Marshall and ACEC members of the First District of Kansas.

The attendees introduced themselves and identified their company's specialties at the request of Dr. Marshall as he wanted to learn more about the businesses in his district. The discussion also addressed current industry status and issues.

Tyler and ACEC PAC Chair, Kevin Honomichl, presented a Political Action Committee (PAC) check to Dr. Marshall.

*Dawn joined the Wilson & Company family in early November 2016. She has more than 20 years of experience as business administration support, including 17 in engineering. In her spare time, she enjoys spending time with family, cooking, and serving the Salina community in various organizations, including YMCA Strong Kids, Salina Arts and Humanities Commission, and Smoky Hill River Festival, where she is currently serving on the Food Jury Committee.*
