phone: 505.348.4079

Matthew Bryant, PE, and Michael Wright, RA, have been named shareholders at Wilson & Company, Inc., Engineers & Architects.

"Matt and Michael have proven themselves to be leaders in our firm" said Steven Watt, President and Chief Executive Officer.

"Matt's commitment to Wilson & Company has been evident for 20 years, and it is a great pleasure to invite him to join our Company's ownership. He has gained the respect and trust of Nebraska Department of Roads' leadership, project managers and design staff as he's steadily grown our Omaha operation," he said. "Michael exemplifies all of the technical and leadership qualities we look for in a Shareholder. Since joining us in 1996, Michael has shown a passion for our clients, team members, and the Company. Michael is a member of our Higher Relationships Champions Program."

Matt Bryant, PE, has 20 years of experience, all with Wilson & Company. He is the Transportation Operations Manager in Omaha, NE. His experience includes a wide variety of projects ranging from small roadway and bridge design projects to large scale highway and interstate reconstruction. He has also managed a number of construction inspection projects including those requiring coordination of multiple firms. He has a Bachelor of Science (Civil Engineering) from the University of Kansas. He is a licensed professional engineer in Nebraska and Kansas, and is a Kansas Department of Transportation Certified Inspector. He is a member of the American Council of Engineering Companies (ACEC) of Nebraska, Nebraska Department of Roads Partnering Committee, and Engineers Club of Omaha.

Michael Wright, RA, has 22 years of experience, 20 with Wilson & Company. He is the Architecture Operations Manager in Albuquerque, NM. Michael has extensive experience with design and construction of education, commercial, and industrial buildings. He is familiar with Cooperative Educational Services (CES) and has completed multiple projects utilizing this contracting mechanism for professional design and construction related services. He has Master's and Bachelor's degrees in Architecture from the University of New Mexico. He is a registered architect in New Mexico, and has registration with the National Council of Architectural Registration Boards (NCARB).

Wilson & Company was founded in 1932 and is a multi-disciplinary engineering, architecture, surveying, mapping, and planning firm employing a staff of 400 throughout 15 office locations in nine states. The firm provides services to a diverse client base including federal and municipal governments, public transportation agencies, railroad companies, industrial and commercial corporations, and private developers.

The cornerstone of our success is Higher Relationships, excellence in Discipline, Intensity, Collaboration, Shared Ownership, and Solutions.
